Overview
What are you looking for in an arboricultural career? Do you want to make a lasting impact? Gain an expertise via access to breakthrough research and development? Or would you like to advance as far as your hard work and ambitions will take you? Bartlett Tree Experts offers all of that - and more. As the oldest, largest, and premier scientific tree and shrub care company in the world, our people thrive in a safety-first, entrepreneurial, promote-from-within environment. Join our family-owned company - and make our next success story your own.

We are seeking entry-level and experienced Plant Health Care Specialists who have a passion for preserving and caring for trees. To apply for this position, please visit www.bartlett.com/careers.

Qualifications
• Degree in Arboriculture, Forestry, Horticulture, Plant Science, Landscape Management, or a related field OR prior experience working in the tree care industry
• Ability to perform strenuous manual labor and work in all weather conditions and seasons
• Commercial Pesticide Applicator License or ability to attain license
• Valid driver’s license and clean MVR

Responsibilities
• Perform all functions of the integrated pest management program, including administration, scheduling, inspections, sampling, treatments, inventories, equipment maintenance, record keeping, report writing, and customer relations
• Monitor, diagnose, and treat insect, disease, and cultural conditions of trees and shrubs
• Effectively operate, calibrate, and maintain equipment
• Work as a member of a tree crew, under the Crew Leader’s supervision during the off-season
• Responsible for carrying out other duties as assigned by the Crew Leader or designated supervisor, Arborist Representative, or Local Manager

Bartlett Tree Experts was founded in 1907 by Francis A. Bartlett and is the world's leading scientific tree and shrub care company. From its 100 plus offices worldwide, Bartlett helps both residential and commercial customers maintain beautiful, healthy trees.
