## **Job Announcement**

### **Hazard Tree Mitigation (ISA Certified Arborist) up to \$5,000 Relocation Assistance!**

**Locations:** Redlands, Riverside, & Rancho Cucamonga, CA

**These positions are not roaming and do require relocation to Southern, CA.**

We are currently seeking **ISA Certified Arborists** to support to Southern California Edison's (SCE) Hazard Tree Mitigation Program. ECI will help support SCE's program by inspecting overhead power lines located in High Fire Threat Districts. The majority of this work occurs outside of the urban environment and in the forests of Southern California. We are looking for experienced, energetic professionals who wish to join our growing team and grow their careers in the utility vegetation management industry. This is a full-time opportunity to work outside and explore rural Southern California with opportunities for advancement.

Any interested applicants must apply online through the company website, at the locations listed below:

<https://www.eci-consulting.com/careers/>

[Rancho Cucamonga, CA](#), [Redlands, CA](#), [Riverside, CA](#)

#### **Essential Duties and Responsibilities**

- Assess utility facilities for vegetation compliance
- Notify property owners of line clearance work to be performed
- Obtain necessary permits from public agencies
- Promote and maintain good public relations
- Perform Level 1 and 2 tree risk assessment inspections
- Document and record information with a mobile device
- Operate with the highest level of personal and public safety

## **Qualifications**

- Must currently hold an ISA Arborist
- Must have solid tree identification skills and the ability to read maps
- Must have exceptional written and verbal communication skills, strong problem-solving abilities, the ability to multi-task and an attention to detail
- Must be able to work alone, outdoors in various weather conditions and terrain
- Must have basic computer skills
- Bachelor's or Associates degree in Forestry, Environmental Science or related field preferred
- One (1) year of utility vegetation management related experience preferred
- Inventory or surveying experience a plus
- Bi-lingual speaking (English and Spanish) is a plus

## **Physical Demands & Working Environment**

- The conditions herein are representative of those that must be met by an employee to successfully perform the essential functions of this job. Employees must be able to maintain attention and concentration for extended periods of time. Reasonable accommodations, if available, may be made to enable individuals with disabilities to perform the essential job functions.

## **Environment**

- Work alone in an outdoor field environment; vehicle and foot patrol of utility power lines; remote locations as well as urban, city environment; physical demands and travel from site to site, including: walking/hiking on various surfaces including flat, dry, wet, slippery, uneven, rough, steep terrain, hills, and slopes; exposure to noise, dust, grease, and all types of weather and temperature conditions; exposure to hazardous traffic conditions

## **Physical**

- The employee must have sufficient physical ability and mobility to work in a field environment; to walk up to 10 miles per day, stand, sit, and operate a motor vehicle for prolonged periods of time; to frequently stoop, bend, kneel, crouch, run, crawl, climb, reach, twist, grasp and make repetitive hand, arm and shoulder movement in the performance of daily duties (e.g., forcefully beat down brush); carry, push and/or pull light to heavy amounts of weight, frequently lift up to 10 lbs. and occasionally lift up to 60 lbs. (sandbags); to operate assigned equipment and vehicles; ability to verbally communicate to exchange information with

public; ability to see and hear in normal range with or without correction; operate assigned field equipment, including handheld computer, range finder, fyrake, water backpack, shovel, and traffic cone.
