

“Set the Standard
in Arboriculture”

Illinois Arborist Association

EST.
1983

Our Mission

“Foster the interest,
establish standards, exchange
professional ideas, and pursue
scientific research in
arboriculture”

Careers in Arboriculture

Our urban forests are essential to our environment, communities, & public health. As our urban areas grow, it is critical that professionals maintain a healthy urban forest to maximize the benefits they provide to our communities.

- Tree Climbing Professionals
- CDL Drivers & Equipment Operators
- Disease/Pest Diagnostic Professionals
 - GPS/GIS Professionals
 - Urban Forest Managers
- Scientists & Academic Research

Benefits of Membership

Certification, Training & Education

Become an ISA Certified Arborist, maintain your CEU's, engage with peers, learn and develop through the IAA Advanced Arborist Training program.

Workforce Development

Through the IAA you can train and develop your staff as well as identify qualified employees through career fairs and other events with future arborists.

Have Fun & Grow Professionally

Our annual conference & tradeshow, summer conference, climbing competition and other events will help you network, engage & exchange ideas with industry professionals.

IAA Events

- Annual Conference & Tradeshow
 - Annual Climbing Competition
- Advanced Arborist Training Program
 - ISA Certified Arborist Program

Membership in the IAA will help your organization grow as a team dedicated to professional work practices and standards in arboriculture.
