If you are looking to join a company that not only provides you with a competitive wage plus benefits but will also invest in your future training, then look no further. We are a Florida based tree company that is expanding their market share and is looking for experienced production foreman, climbers, ground personnel, and sales staff. We are looking for qualified people who are interested in working for a company that is going to continually train their personnel to be the best in the industry. Below are some of the qualifications we are looking for in our new employees.

Production Foreman	Experience managing personal in a professional manner mentoring those with less experience with clear and respectful instruction. Able to document and evaluate day to day production and provide management with accurate production rates. Evaluate personnel and their abilities to perform assigned task in a safe and productive manner. Inspect and ensure that equipment and gear is in good operating condition. Report to management any all issues that could cause a safety concern, slow down production, or issues with personnel working as a cohesive team. Arborist Certification or safe working certifications are a plus.
Climber	Experience with trimming a variety of trees to standards set forth by International Arborist Association. Capable of removing trees in a safe and productive manner using technical rigging, proper felling techniques, and rigging equipment such as crane or aerial lift units. Certifications in Climbing, Electrical Hazards, Aerial Rescue, or other working certification a plus.
Ground personnel	Experienced in supporting climbers in their job by properly handling ropes during removal projects, proper maintaining and operating equipment used to increase productivity such as chainsaws, blowers, woodchippers, mini skid steers etc. Certifications in safe work practices a plus.
Sales Staff	Experience developing working relationships with local government administrators, Homeowner Associations, Property management companies, and property owners. Over time develop a client base that will provide annual repeat business. Certified Arborist preferred but willing to train up the right person with field experience.
